

# 700 MHz repository Forum Group – Frequently Asked Questions (FAQ)

## A. How to participate in discussions in the forum group?

- Create an account in the CEPT website ([www.cept.org](http://www.cept.org)),
- Go to the 700 MHz repository page <http://www.cept.org/ecc/groups/ecc/700-mhz-repository-fg/client/introduction/>
- Request group membership to the group (see figure below)
- Await approval by the ECO or the FG Chairman, Mr. Cédric Perros (France)

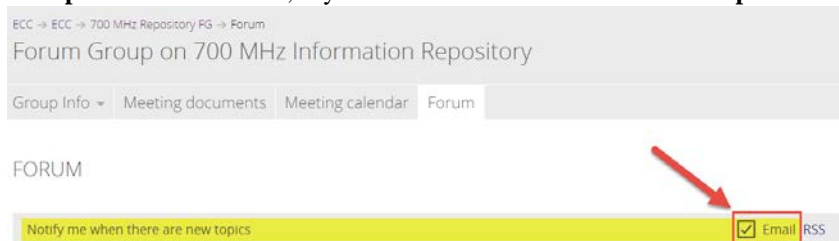

## B. How to receive notifications?

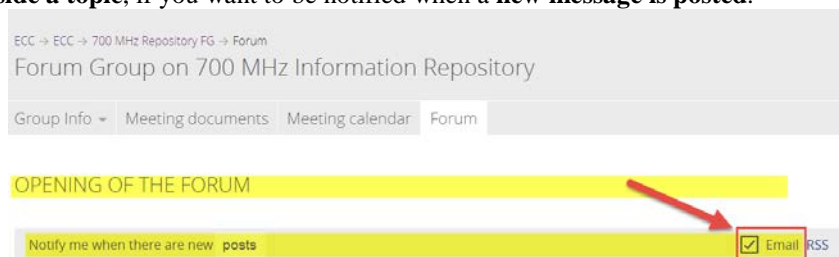

To receive notifications when new topics or posts are submitted you need to activate the checkboxes in the 700 MHz Forum tab (see pictures below):

There are **checkboxes in two levels** that can be activated:

1. At the **top level of the forum**, if you want to be notified when a **new topic is created**

2. **Inside a topic**, if you want to be notified when a **new message is posted**.

## C. How to participate in the Questionnaire?

Once registered in the Forum Group, you can fill your responses to the Questionnaire on the use of the 700 MHz repository by clicking here:

<http://www.cept.org/ecc/start-page/questionnaire/?sqid=16se08jzh12euazejapb>

## D. How to have access to the repository?

If you are the designated person in your administration to fill data in the repository, please contact [Mr. José Carrascosa \(ECO\)](#) to receive an user name and password.

The repository can be accessed here: <http://700mhz.cept.org/countries>
