Mandate to CEPT to study feasibility and identify harmonised technical conditions for Wireless Access Systems including Radio Local Area Networks in the 5925-6425 MHz band for the provision of wireless broadband services.

Dear Mr Fournier,

Considering Article 4(2) of the Radio Spectrum Decision 676/2002/EC of the European Parliament and of the Council, and the favourable opinion adopted on 6 December 2017 by the Radio Spectrum Committee in accordance with the advisory procedure under Regulation 182/2011/EU, I am pleased to issue to CEPT the following mandate (attached):

"Mandate to CEPT to study feasibility and identify harmonised technical conditions for Wireless Access Systems including Radio Local Area Networks in the 5925-6425 MHz band for the provision of wireless broadband services".

Upon completion of the mandate, I would appreciate receiving from CEPT the deliverables called for in the mandate, along with an explanatory note on how the tasks have been accomplished.

Should you have any further queries, do not hesitate to contact Mr Andreas Geiss, Chairman of the Radio Spectrum Committee (+32.2.29.59466).

Yours sincerely,

(e-Signed)
Roberto Viola
