2.0 Groups

Please note: before setting up interactions with groups, such as requesting regular updates, registering to meetings, or applying for full membership, you need to register a profile as described in Section 3 of this guide.

Groups are home to Members, Meetings and Meeting Documents. You can attend meetings, download documents and get news updates from groups. This chapter takes you through the central features and how they work.

NOTE: The group SE 24 is used as an example in this chapter but the functionality described applies to all groups throughout the website. Groups are available through the dropdown-menu at the top of the page.

In a nutshell group membership gives you access to the protected documents for the group. Membership replaces the old way of having passwords to access files.

In order to become a member a user needs to apply for membership. It is up to the Chairman to approve users individually through the administrative interface for the group.

See chapter 2.1.4.3 Request group membership, for how to become a member of a group.

3.0 User profile

The User profile to the right is central to how you interact with the different features such as Groups, Meeting documents and the Meeting calendar. In this section we will go through the different aspects of your profile and what it can do for you in keeping up to date with the latest activities in your groups of interest.

To make a profile, you click on “Log in” to the right and “Register profile”. Please fill in the form and “register”.

4.0 Meeting documents

This chapter takes you through how to use the meeting documents area.

4.1 Finding documents

You can access meeting documents from either the main menu or the group menu.

**Main menu:** Clicking “ECC Meeting Documents” will give you a filtered view of documents for the group ECC.

**Group menu:** In this example clicking “Meeting documents” will give you a filtered view of documents for SE 24.

4.2 Filtering and search

In the top to the right of the meeting documents area you will find the filter and search options. The options assist you in filtering the list of documents even further.

The “Keyword” field will filter on any keyword you enter in the input field (separate by space).

4.2.1 Shortcut to other groups

Quick access to other groups can take place through the “Filter and search” box. Switch between groups in few clicks by choosing any group from the dropdown menu.
4.2.2 Folders

Under this pane you will find all the folders for the group.

You can select/deselect folders if you want to include/exclude folders from the list of documents. Click the button to apply new filter.

4.2.2.1 Folder notification

You can subscribe to updates on specific folders. Click the icon next to the folder name. When a new document is added to this folder, you will be notified by email. You can always unsubscribe to a folder from your “My notifications” page under your profile.

4.3 Document list

All documents are listed in separate folders. All folders are collapsed by default. To expand a folder simply click the arrow.
Example of folder structure: In this example the 2016 folder has been expanded. It can be collapsed again by clicking the arrow once more.

4.3.1 Document accessibility

In the document list some files might have a coloured border around the checkbox in the far left column. This indicates the accessibility of the document.

The blue border indicates that the document is only accessible to members of the group. In other words the document is protected from public download.

NOTE: The document is still visible to the public.

4.3.2 Document revisions

Documents can have revisions. The number of revisions is indicated in brackets next to the document number (column: Doc No.)

Clicking the document will take you to a page where you can see the revisions (File History).
From the File History you can download any files by clicking the document links.

*HINT:* Place the mouse cursor over the link to get the full filename.

### 4.3.3 Notification

You can subscribe to updates on a file by clicking the 📝 icon in the Notify column.

When a new revision is added for a document, you will be notified by email. You can always unsubscribe to a specific document notification from your “My Notifications” page under your profile.

*Note:* In order not to flood your inbox file notifications are bundled together and sent to you once per day.
