Go to: https://cept.org/ecc/ and click on "log in"
Then click on "register profile"
Complete your profile making sure to tick the boxes beside your email addresses that you would like to be added to our mailing lists for the relevant groups.
Once you have registered your profile go back to https://cept.org/ecc/ and log in. Then go to the group pages that you wish to follow. Hover your icon over groups and a drop down list of groups will appear. Click on the relevant group. Here is an example for WG NaN.
Once you are on the desired group page click on "request group membership". Either the chairman of the group or the ECO will approve your request. Once approved you will have access to documents and you will be included on the email list for the group. Repeat these steps for all groups your are interested in.

The ECC's Working Group Numbering and Networks (WG NaN) is responsible for developing policies in numbering, naming and addressing and advising on technical regulatory matters to promote and support telecom innovation and competition.
