The parties,

having noted the need to establish a close working relationship to foster cooperation between them.

Recognising that:

the ECC is an organization of governmental bodies and therefore having limited possibilities to enter into agreements with a private association,

the DSRC Interest Group is a global non-profit member-based association with a substantial membership from Europe,

Considering that:

the ECC considers and develops policies on electronic communications activities in a European context and is the organization in Europe responsible for the efficient use of the radio spectrum, satellite orbits and numbering resources,

The DSRC Interest Group's goal is the operation of CEN DSRC within the global wireless ecosystem and the mission is to enable collaboration between service providers, technology companies and organizations to achieve that goal. The DSRC Interest Group promotes the use of DSRC technology for road transportation applications, such as tolling, traffic management, safety and mobility services.

The ECC and the DSRC Interest Group have a common interest in ensuring the most efficient use and management of the radio frequency spectrum.

Agree to cooperate as follows:

4. All copyright, and other intellectual and industrial rights embodied in documents exchanged between the Parties and any copies thereof, remain with the originating Party and as applicable, its members, and extend to all media in which the information may be embodied. Any reference to these documents shall be submitted to the agreement of the originating Party prior to communicating said documents to other bodies.
5. The ECC Chairman and the Chairman of the Board of the DSRC Interest Group may meet periodically at their convenience. Others may be invited to participate in these meetings.
6. Participation of a nominated observer, or a substitute, from the DSRC Interest Group will normally be permitted to attend meetings of the ECC and its subordinate groups when such meetings may include topics of mutual interest to ECC and the DSRC Interest Group.
7. To maintain sufficient alignment of objectives within work areas relevant to the scope of this Agreement, an observer from the ECC will normally be permitted to attend DSRC Interest Group meetings when such meetings may include topics of mutual interest to ECC and the DSRC Interest Group.
8. Observers shall, to the extent permitted by the relevant Party's organizational rules and statutes, be permitted to participate fully in discussions on relevant work items relevant to the scope of this Agreement and may submit written contributions / proposals but shall not be part of the decision-making process. The Parties will mutually ensure that relevant intellectual property rights are respected, applied, and protected.
