Program of Cooperation
in telecommunications and information and communication technologies
between
the Regional Commonwealth in the field of Communications (RCC)
and the European Conference of postal and Telecommunications Administrations (CEPT)
for the period of 2015 – 2018

In considering the dynamic development of information and communication technologies in the
countries of regional organizations, and the importance of promoting the use of advanced information
and communication technologies and harmonizing the actions of ITU Members in both regions,
particularly in the field of radiocommunication, telecommunication standardization and
telecommunication development matters,

the parties agreed to continue the cooperation as per the Memorandum of Understanding
between RCC and CEPT, signed on 01 October 2002 in Marrakesh, Morocco, within their competence,
confirming the commitment to the World Summit on the Information Society decisions (WSIS),
International Telecommunication Union (ITU) decisions, in the following areas:
